AWARDS RECEIVED

-  2 Commit awards at JiffleNow in the year 2018 and 2019 for my contributions towards the new features and deliveries
-  Synchron Spot Award 2020, for contributions towards the team's release
-  1st & 2nd position in Synchron photography competition for different categories

PERSONAL PROFILE

Overall 7.5 years of experience in front-end development and web technologies. Experience in building multiple projects from scratch, contribution towards POCs of the organization, and key decision-making. Everlasting hunger to learn and grow.

WORK EXPERIENCE

EclecticIQ | Senior Frontend Engineer

May 2022 - present

- SPOC for all AG-grid related support.
- Delivered a critical feature for Alpha release in the first few months of joining.
- Ownership of multiple features for the overall product

Synchron Software India Private Limited | Senior Software Engineer | Frontend Engineer

Oct 2019 - May 2022

- Frontend lead for multiple products developed from scratch.
- The pilot project to migrate java based UI to Angular 12, which was the core selling point of the product
- Responsible for planning and setting up the groundwork for the project, including a few key decisions like folder structure, tools, and packages to be used, lazy loading, initial setup, route planning, and generic error handling mechanisms.
- Reduce tech debts involving refactoring tasks across all the products, like the cleanup of unused packages, unnecessary API calls, reusable components, migration of angular to new versions etc.
- Initiated and owned the decision to move and deliver the product features from NGX-charts to Highcharts which helped the product visualize large volumes of data.
- Communicating API schemas, and appropriate designs for handling use cases. Communication with products team and UX teams for feasibility checks, prioritizations etc.

ANIRUDH UK
